

# Naman Sharma

Gujarat, India

Email: namansharma3194@gmail.com Phone: +91 8780942460 LinkedIn: Naman-sharma GitHub: Naman-git

## Skills

**Programming Languages:** C++, HTML/CSS, JavaScript, Python, Java

**Frameworks/Libraries:** React, Node.js, Express.js, Tailwind

**Software/Tools:** MySQL, MongoDB, Git, GitHub

**APIs & Tools:** RESTful APIs, GoMaps API, Web Speech API, Gemini API

**Soft Skills:** Leadership, Teamwork, Adaptability, Creativity

**CS Fundamentals:** Data Structures & Algorithms (DSA), System Design

## Projects

<b>RideSync:</b> Uber Clone — React, Node.js, Express, MongoDB, GoMaps API	Jan 2025
<ul style="list-style-type: none"><li>Developed a ride-hailing app with features for users and drivers, mimicking Uber's core functionalities.</li><li>Implemented real-time location tracking and route optimization using GoMaps API.</li><li>Built RESTful APIs for managing rides, payments, and profiles with Node.js and Express.</li><li>Utilized MongoDB for efficient storage and retrieval of user data, rides, and bookings.</li></ul>	
<b>TaskMate:</b> Task and Note Manager — React, Node.js, MongoDB	Nov 2024
<ul style="list-style-type: none"><li>Developed a React-based application for task and note management with role-based authentication.</li><li>Implemented voice recognition for hands-free note creation using Web Speech API.</li><li>Built a secure backend with JWT authentication and MongoDB for data storage.</li></ul>	
<b>Online Examination System with AI Integration</b> — HTML, CSS, JavaScript, Node.js, MongoDB	July 2024
<ul style="list-style-type: none"><li>Developed a web-based platform with separate dashboards for students and teachers.</li><li>Designed an intuitive interface for smooth navigation and real-time functionality.</li><li>Integrated AI for automatic grading and feedback generation, enhancing assessment efficiency.</li><li>Utilized Node.js and MongoDB for backend functionality and data management.</li><li>Ensured real-time communication and data synchronization with Gemini API.</li></ul>	

## Certifications and Training

NPTEL Certification in Cloud Computing (NPTEL ,IIT Kharagpur)	Nov 2024
MERN Stack & Generative AI(W3elites)	July 2024
Hackon With Amazon (Hackathon)	June 2024
Generative AI with Large Language Models (DeepLearning.ai)	May 2024

## Extracurricular Activities

<b>Arena Student Organization</b>	2024 – Present
Organizer and Cooridinator	Lovely Professional University
<ul style="list-style-type: none"><li>Organized 'Web-A-Thon,' a 24-hour hackathon focused on web development and AI, in collaboration with AERIV.</li></ul>	
<b>One India-2024 Cultural Fest</b>	April 2024
1st Runner-Up	Lovely Professional University
<ul style="list-style-type: none"><li>Represented Mizoram in LPU's 'One India-2024,' celebrating diversity and inclusivity.</li><li>Collaborated on creating a stall and performance showcasing Mizoram's cultural heritage.</li></ul>	

## Education

<b>Lovely Professional University</b>	2022 - 2026
Bachelor of Science in Computer Science	Punjab, India
<b>Shri Swaminarayan Mission</b>	2021 – 2022
12 <sup>th</sup> with PCM --Percentage:84%	Gujarat, India
<b>Shri Swaminarayan Mission</b>	2019 – 2020
10 <sup>th</sup> --Percentage:86%	Gujarat, India
